

San Pablo Road (Beach Boulevard to Atlantic Boulevard)

Project Phase

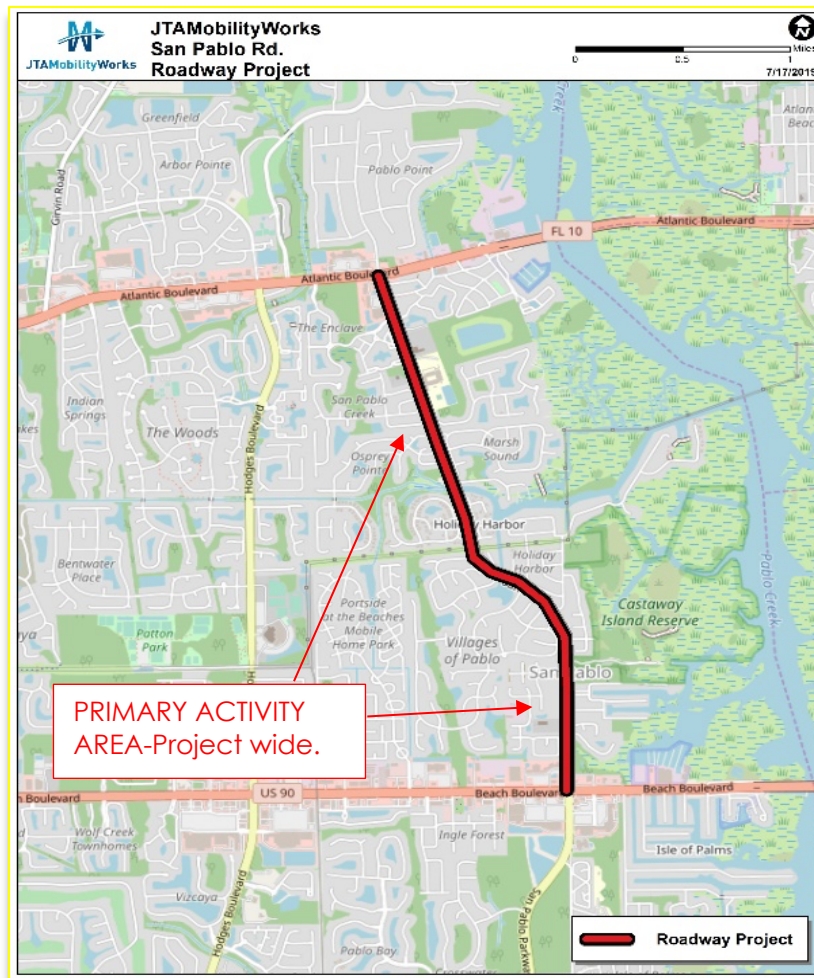

Construction – Phase 2A

Upcoming Work

Work planned for next week – 10-30-23 through 11-20-23

- Storm Drainage Installation
- Drilled shaft foundation installations.
- Curb/Sidewalk Installation
- Install Pull Boxes
- Place pedestrian channelizing devices
- Removal of some existing sidewalk
- Mill and remove asphalt for widening.

The traffic on San Pablo Rd has been shifted to the west onto temporary pavement to allow for construction of critical items on the east side of the roadway. This pavement is temporary and will be removed prior to permanent widening. In the coming weeks Pedestrian channelizing devices and new paths will be completed, existing sidewalks on the East side of San Pablo will be removed to allow for additional storm drain installations.

*Note - Minor activities may be pursued in additional project areas
